Worldwide presence

We aim to offer you products and services that meet your expectations all over the world, while working with you to protect the environment by reducing emissions of VOC.

That's why we strive to be everywhere you are.

Whatever your industrial project may be, your objectives are also our objectives.

Automatic Electrostatic Spraying Equipment Selection Guide

Which application process to use ?

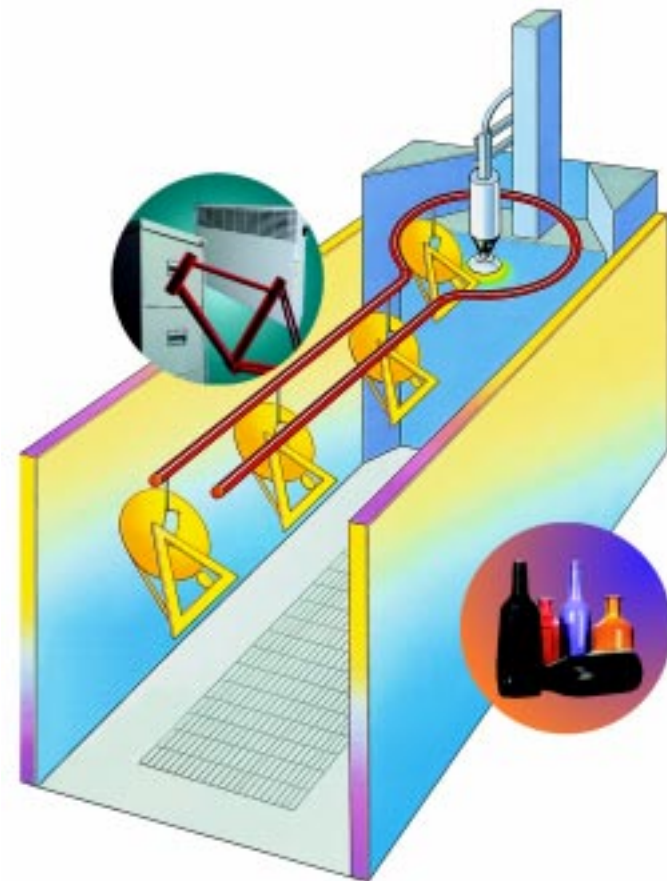

Have you thought about electrostatics ?

Ransburg that invented the process in 1938, provides you with :

- Its expertise
- A range of reliable products, suited to your needs
- The means of optimising your production
- The necessary tools for maximum profitability

Our products are approved **CE**

Ransburg is renowned worldwide in electrostatic spraying on specific markets such as :

- glass
- office furniture
- farming and earth-moving equipment
- industrial handling equipment
- automobile
- heavy vehicle bodywork
- automobile accessories (metal/plastic)
- cycles and motorcycles
- cosmetic packaging

Has the solution... : Ransburg

Automatic Electrostatic Guns

	Typical Applications	Spray Type Définition	Length Weight	H ₂ O	High Voltage Technology	Nozzle/Tip Bell Sizes	Maximum Fluid Delivery	Fluid Pressure	Hose/Cable Lengths
 REA 90 A	Plastic, Appliance, Metal furniture, Wood	Air Spray or HVLP Spray General purpose	330 mm 1136 gr	Yes	Cascade	1,2 / 1,5 1,8 (mm)	up to 1 000 cc/min.	7 bar Max.	7,5m / 11m 15m / 22,5m 30m
 ESTAQUICK	Automotive, Plastic, Métal, Tier 1 Hifi, Phone Wood	Air Spray Machine quick disconnect	125 mm 245 gr	Yes	Classic	1,1 1,4 (mm)	up to 1 000 cc/min.	7 bar Max.	11m
 REA 900 A	Automotive, Plastic, Appliance, Metal furniture, Wood	Air Spray or HVLP Spray Flexible	376 mm 2382 gr	No	Cascade	1,2 / 1,5 1,8 (mm)	up to 1 000 cc/min.	7 bar Max.	7,5m / 11m 15m / 22,5m 30m
 REA 9000 W	Appliance, Metal furniture, Wood	Air Spray or HVLP Spray External charge waterborne	418 mm 2325 gr	Yes	Classic	1,2 / 1,5 1,8 (mm)	up to 1 000 cc/min.	7 bar Max.	11m
 REM A	Off-road vehicles, Farm & construction, Machinery, Aircraft, Wood	Air-Assisted / Airless General purpose	304 mm 1450 gr	No	Cascade	.009", .011", .013", .015", .018", .021", .026"	up to 1 000 cc/min.	115 bar Max.	7,5m / 11m 15m / 22,5m 30m
