Subject: Evolver and Evolver SE HVLP Fluid Tip (P/N 79182-00)

The Evolver and Evolver SE fluid tip was redesigned for improved performance and spray pattern.

Although the fluid tip was changed, the part number and pricing remain the same. The new fluid tip (P/N 79182-00) is backward compatible with all existing Evolver and Evolver SE products. For easy identification, please reference the illustration below.
